NUMBER 251

Seventy Republican papers in the State are supporting Mr. Keyes for the senatorship.

Mr. Howe evidently wants to be considered a dark-horse in the senatorial contest, and is trimming his sails accordingly.

The barbed wire war has just commenced, the dispute being who is the patentee? Mr. E. A. Davis, of Chicago, claims that he was the first inventor, as far back as 1875, when he was thirteen years old.

We are having a repetition of the winter of 1875, when the thermometer sank as low as thirty and forty degrees below zero. On the 9th of February of that year, it stood at 10 below at seven o'clock in the morning.

That ancient mariner, Mr. T. O. Howe, says he objects to Mr. Keyes because he is a machine politician. Timothy is getting politically pious very suddenly. Mr. Keyes has never received as much from the salary of an office as Mr. Howe has. Mr. Keyes never did a mean thing which would compare with the \$5,000 back pay which Mr. Howe took from the government; and if all the meanness was true which the enemies of Mr. Keyes charge against him, it would then be insignificant compared with the blunders Mr. Howe made when he failed to improve the opportunities he had in the Senate to denounce custom house crookedness. If there is such a thing as a "machine politician," Mr. Howe is first of all a politician; and if there could be a "boss" in politics, Mr. Howe is one of the chief bosses.

## WISCONSIN AND HER COMMON SCHOOLS.

The forthcoming report of State Superintendent Whitford contains the fullest and most reliable statistics ever obtained of the condition of the schools of all grades in the State, whether public or private, or the "chartered institutions of learning. We desire to give some figures regarding the educational work in the State which will be of general interest to the public.

The total amount of money expended for common schools in this State for the school year ending August 31, 1880, was \$2,165,398.43.

The total amount paid out for teachers' wages was \$1,567,870.32.

The number of teachers employed during the year was 10,076.

41 school houses in the State number 5,667.

The estimated cost value of the school houses is \$4,433,731.02.

The cost value of the school house sites is estimated at \$702,420.04.

The estimated cost value of school apparatus is \$161,523.58.

The total number of children in the State between 4 and 20 years of age, is 183,071.

The total number which attended public school is 299,019.

State Superintendent Whitford has made vigorous efforts during the past year to increase the attendance upon the public schools, and has been successful.

He has been aided in some sections by the State by the compulsory election law, which has been enforced during that time.

The attendance upon the public schools decreased in 1879 some 4,216, but by the vigorous efforts of Mr. Whitford, it has increased this year nearly eight thousand, although there has been a slight decrease in the school population. The superintendent has been indefatigable in his efforts to improve the condition of the public schools in this State, and his efforts have been rewarded. His annual report for 1880, which contains so many facts and suggestions of general importance, will be looked for with great interest.

## A CABINET MEETING.

The Case of Cadet Whittaker Before the Cabinet.

WASHINGTON, Dec. 28.—With the exception of Attorney General Dykens, all members of the cabinet were present at today's session. The Whittaker case was the principal topic under consideration. No definite conclusion was reached, however, and the matter was not disposed of. The impression of the officers on this subject is that the information to the effect that Whittaker will be given another chance at West Point will prove erroneous. It is thought that the case will be finally disposed of in the course of a few days. Arguments in writing, recently submitted to the president and secretary of war by Prof. Greener, contain two alternatives, viz: First—That he be granted a trial by court martial and that he be reinstated at the academy. Arguments in support of the latter proposition maintained by the military and further that were but partial and that the cadet was placed at great disadvantage in that trial by being compelled to prove himself innocent. Regarding his reinstatement the professor argues that owing to his absence from his classes while attending the court of inquiry he necessarily fell behind in his studies, and further that his marks in discipline and military tactics are shown by the academy records, and are not so low as to justify his expulsion.

## MR. KEYES AND CAMPAIGN FUNDS.

It has been charged against Mr. Keyes by some of his personal enemies in the northern part of the State, that he misappropriated some of the campaign funds of 1876, and that the sum of fifteen thousand dollars was sent to him at one time from the Republican National committee with which to carry the State for Hayes. It is one thing to make false and ridiculous charges, but it is quite another thing to prove them. The men who slander and libel Mr. Keyes or any other public man in this manner, are men who have no principle to guard and no character worth defending. They have everything to lose by gain and nothing to lose.

## A SOLEMN CEREMONY.

Funeral of the Victims of the Late Birge Factory Fire, Buffalo.

BUFFALO, Dec. 28.—The funeral services over the seven bodies of the victims of the late Birge factory fire, was held today at St. Joseph's Catholic cathedral. Twenty-eight boys from the factory acted as pall bearers. The burial was at Limestone Hill, and the bodies interred in one common grave, a lot for the purpose having been donated by the St. Joseph's cathedral.

## CHINESE TREATY.

SAN FRANCISCO, December 28.—W. H. Trescott, one of the commission to negotiate a treaty with China, arrived by steamer City of Peking, this evening. He has been besieged by interviewers since his landing, but remains strictly reticent regarding the proceedings of the commission and the terms of the treaty. The only information he vouchsafes is to the effect that the commission on their arrival at Peking, took up quarters at the American legation. The negotiations, which occupied one

month and one day, were carried on at Chinese foreign offices; that Commissioner Swift is at Shanghai, and that he will return by the next steamer, and that he, Trescott, will go East next Wednesday. As to the terms of the treaty in which the proposition of intercourse with the Chinese authorities Mr. Trescott maintains rigid silence. He says he has not seen the reports heretofore published regarding the work of the commission, and declines to either affirm or deny them.

## HOWARD'S APPOINTMENT.

The Secret of General Howard's Appointment to Command West Point.

WASHINGTON, Dec. 28.—A good deal of surprise was manifested in Washington at the appointment of General Howard to the command at West Point, in view of the fact that a few days before it was done the President himself told Howard that he had decided not to place him at the academy under pressure from General Sherman and Secretary Evans, although he had been summoned to Washington originally for that purpose. It is now known that the President was persuaded to act upon his original intention by certain of the students in Congress. When it was announced through the press that the President had yielded to the representations of the students, friends of the change from him to Howard would be taken aback. They went to the White House and told Mr. Hayes that the country demanded just such a change, and that under the present condition of things a colored boy might as well be in the abode of the lost as at West Point. So much feeling had been aroused that any half-way measures were attempted, the institution was in imminent danger of being wiped out. Brazened up by this stalwart backing, the President decided to do as he originally intended, and put Howard in command.

## THE McLAREN FAILURE.

The McLaren Failure Explained—Grain in Store in Chicago.

CHICAGO, Dec. 28.—Regarding the failure of the Milwaukee firm W. P. McLaren, the manager of the Chicago firm, John A. Rice, states the firm is closing up in this city; that this is all there was in the story of the failure of this branch. This step had been contemplated some time. It appears from the published figures that the total storage capacity in this city is 22,702,000 bushels of wheat, 19,155,000 is elevator room; 2,322,000 is self-vessel room, and 1,225,000 steam vessel room. The increase over last year's capacity is 2,000,000 bushels. There is now in store here 14,000,000 bushels against 12,000,000 this time last year. A grain glut similar to that of last spring is not improbable.

## BIRTH ON A STREET-CAR.

MILWAUKEE, December 28.—Johanna Lampke, a young German woman, gave birth to a healthy female child in a street car, at a late hour last night. As soon as possible she was given assistance, and is now doing well. She was arrested two weeks ago for larceny and sent to the hospital instead of the House of Correction, on account of her delicate condition. She ran away from the hospital only to meet the old experience recounted above.

## WISCONSIN SUPREME COURT.

MADISON, December 28.—The Supreme Court will meet on the 11th of January, 1881, to call for argument Nos. 118, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, and 167. The January calendar (1881) will not be called for argument before February 23, 1881.

## THE SNYDER LYNCHING.

ALLENSTOWN, Pa., Dec. 28.—District Attorney Ansell has issued warrants for the arrest of all who participated actively in the lynching of Joseph Snyder. He says he will do his duty fully in the matter, but fears no jury can be found willing to convict.

## SHOT BY HIS FOREMAN.

DARLINGTON, Dec. 28.—One Little, a foreman for the O'Hara Bros., who are grading for the Chicago, Milwaukee & St. Paul railroad at Creston, became involved in a quarrel with some of the laborers on Saturday evening, resulting in the shooting of one David, who died today. Little surrendered to the sheriff, and is now in jail in this city.

## CHICAGO GOSSIP.

To the Editor.

CHICAGO, Dec. 27.—A friend in Janesville enquires in regard to the number of churches in this city, attendance, financial standing, at what seasons the attendance is the largest, etc., etc. We cannot enter into details at present, but a few general facts may be of interest.

Chicago has now 255 regularly organized churches of all denominations. This does not include a number of missions and fields or labor, where services are frequently held, and where great good is often accomplished.

Of the above number, over 50 have had their debts increased 20 per cent. during the present year; about 100 have just had their own; over 100 have paid 10 per cent. of all indebtedness, besides current expenses. Twelve have liquidated their entire indebtedness.

Catholic churches, numbering 35, have the smallest amount of debt. Baptists and Congregational—the former 25, the latter 14, have the largest amounts, while the Wesleyan churches, numbering 25, hold midway between. The other denominations numbering 15 churches, have more or less debt right along, but efforts are now being made for the coming year to reduce their indebtedness.

Seventy thousand in Chicago attend church regularly; twenty thousand occasionally; fifteen thousand when the spirit moves them, and fifty thousand when country friends visit them. Over two hundred thousand never heard the gospel preached, while one hundred and fifty thousand are too young or too old, or select other places of amusement, or read the Sunday papers and prepare for evening theatres.

The attendance is largest in the spring and fall, just after the new styles of hats and feathers are out. The front and side seats are constantly monopolized by the fair sex. The tastes are as different as the styles. Front rows display the feathers and flowers on the back of the hats, while on either hand we see them on the congregational side. The rear seats are full of verdant youths, old bachelors and bald heads, in sweet and holy communion.

The entire church indebtedness at present, exceed two millions of dollars, which pays no tax to the general, State or local government. In addition to this some of the churches hold large amounts of real estate.

The Pullman Palace Car company used over 11,000,000 feet of pine lumber, the present year in buildings, yards, etc.

The Wagner Sleeping Car company will build extensive works at Grand Crossing next spring. Chicago contractors will erect and furnish the machinery, etc.

The proprietors of a flouring mill in Milwaukee, purchased from one of our grain dealers, last Friday, 20,000 bushels of No. 1 wheat, and 500 bushels of No. 2. Real estate is rapidly advancing in price, and next spring may witness quite a rise in residence as well as business property.

We wish the Gazette and all a happy and prosperous New Year, and many returns of the same.

L. MOUAT.

JOHNSTOWN.  
—During the past few weeks quite a number of changes have taken place in the neighborhood of Johnstown. The house recently occupied by J. M. Tayer is now occupied by James Larkin. The house recently occupied by Mr. Larkin is now occupied by John Rueland, and the one formerly occupied by Mr. Craig is now occupied by Pat Galey. Mr. Craig moving to Dr. Carey's house on the south side of the square. Mr. Shiller has recently taken possession of Mr. Clark's place.

A new windmill has taken the place of the old one recently blown down on the farm of A. A. Keith. Also one on Mr. Carter's farm.

The winter so far has not been very favorable to winter wheat, and the present outlook for an abundant harvest is not flattering.

Christmas passed off very quiet in this place.

For some time past Mr. John Zull's eye sight has been failing, and it is now feared by his friends that he will become entirely blind. We hope their fears may prove unfounded.

During the last month a large amount of grain has been marketed by the farmers of this place. The great bulk of which has been barley, which has brought a high price, which always makes a grain-grower happy.

The dancing party given at the Johnstown house a week ago last Friday, was pronounced a very enjoyable affair, by those who attended.

The district school in this place under the management of N. E. Bennett, closed last Thursday for vacation during the holidays.

Our tax gatherer is doing a rushing business in the way of relieving the poor grinder of what little change he might have accumulated during the past year. For each dollar he is ready to give from \$1 to \$4.50 per cord, delivered.

We have no cases of sickness to report, and peace and harmony prevails.

Coughs.

"Brown's Bronchial Troches" are used with advantage to alleviate Coughs, Sore Throats, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

Take Troches—"Brown's Bronchial Troches" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. Speakers and Singers find the Troches useful.

A Cough, Cold, Croup or Sore Throat requires immediate attention, as neglect often results in some incurable Lung Disease. "Brown's Bronchial Troches" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "Brown's Bronchial Troches" are sold only in boxes.
